

**ANTIMICROBIAL BRASS**

# NOW AVAILABLE FROM CHASE BRASS CUVERRO® ANTIMICROBIAL BRASS ROD

**CuVerro®** C693  
*Antimicrobial Copper Surfaces*

A MACHINABLE **ANTIMICROBIAL** BRASS  
ROD AVAILABLE FROM CHASE BRASS

Rod Alloy	Application	Cu	Si	P	Pb	Zn	ASTM
C69300	Machining-Forging	73.0-77.0	2.7-3.4	0.04-0.15	0.09 max	Remainder	B124, B371

**MATERIAL PROPERTIES:**

- Meets Requirements of Lead Free Plumbing Legislation
- NSF 14 Compliant
- Dezincification and Stress Corrosion Resistant
- Strength Equal to Stainless Steel
- Excellent Machinability
- EPA-Registered CuVerro Antimicrobial Alloy\*

\*Laboratory testing shows that, when cleaned regularly, CuVerro surfaces kill greater than 99.9% of the following bacteria within 2 hours of exposure: Methicillin-Resistant Staphylococcus aureus, Staphylococcus aureus, Enterobacter aerogenes, Pseudomonas aeruginosa, and E. coli O157:H7. The use of CuVerro® antimicrobial copper products is a supplement to and not a substitute for standard infection control practices; users must continue to follow all current infection control practices, including those practices related to cleaning and disinfection of environmental surfaces. This surface has been shown to reduce microbial contamination, but it does not necessarily prevent cross contamination. It should not be interpreted that CuVerro® is making claims to solely prevent hospital associated infections nor should it be implied that CuVerro® products make such claims. CuVerro® is a registered trademark of GBC Metals, LLC and is used with permission. #C-0003-1301
